

Integrating Rhythm into Your Reading Activities Along with IM

Course Description:

This course will provide the SLP, reading specialist, special education teacher, and general education teacher with a variety of methods to incorporate rhythm into reading skill learning activities to enhance and extend the skills learned with Interactive Metronome. Rhythm can be infused into phonological awareness activities from segmentation to synthesis.

***Contact hours are offered pending successful completion of a written exam at the end of the course.**

Target Audience:

This course welcomes the following professionals who have completed the Interactive Metronome Certification Course.

- Speech and Language Pathologist
- Speech and Language Pathology Asst
- Audiologist
- Occupational Therapist
- Certified Occupational Therapy Asst
- Licensed Medical, Rehabilitation or Mental Health Professional
- Music Therapist
- Educator

Instructional Level:

Advanced

Learning Outcomes:

Upon completion of this course, participants will be able to:

- Utilize the Before-During-After Method of teaching reading skills and word play;
- Create your own rhythm activity to use when teaching reading skills.

***Note: This course covers information that pertains to licensed therapists and therapy assistants. COTA and PTA professionals must practice IM under the supervision of a licensed OT or PT.**

Specific Learning Outcomes for Speech-Language Pathologists & Audiologists:

- Utilize the Before-During-After Method of teaching reading skills and word play;
- Create your own rhythm activity to use when teaching reading skills.

***Note: This course covers information that pertains to licensed therapists and therapy assistants. SLPA professionals must practice IM under the supervision of a licensed SLP.**

Instructor:

Barbara Fuoco-McCooley, MA, CCC-SLP has 30+ years experience as a speech-language pathologist and consultant to both public and private schools. Barbara is a certified member of the American Speech Language Hearing Association (ASHA) and a member of the following professional organizations and associations:

- American Speech-Language-Hearing Association (ASHA)
- New Jersey Speech-Language-Hearing Association (NJSHA)
- Association for Supervision & Curriculum Development (ASCD)
- National Association for Educators of Young Children (NAEYC)
- Delaware Valley Association for Educators of Young Children (DVAEYC)
- Council for Exceptional Children (CEC)
- Asperger's Syndrome Education Network (ASPEN)
- International Dyslexia Association (IDA)

She has continued to extend her education and has received training in many well-researched evidenced-based practices including the Penn Literacy Network's graduate level classes and language programs, which she incorporates in the intervention plans developed for her clients.

Barbara provides collaborative intervention plans for school districts specifically for those who have not made adequate progress in traditional remedial programs. She has published on assistive technology in the [ACCESS Journal _Cable in the Classroom](#) as well as produced case studies on the efficacy of using Interactive Metronome® with clients exhibiting auditory Education Department Contact Info:imcourses@interactivemetronome.com, 877-994-6776 opt 3 (US Only), 954-385-4660 opt 3, Fax: 954-385-4674

processing disorders, attention deficit and dyslexia. She presents nationally on treatment protocols for those on the autism spectrum, auditory process, apraxia, dyslexia, oral /written expression, and closing the achievement gap.

Her more than 30+ years experience in public and private school, as well as in private practice, has provided her with a wealth of experience with the language learning disabled, those with auditory processing deficits, and those on the autism spectrum as well as the gifted, but disabled. As owner/director of Innovative Designs for Educational Achievement, LLC, she works with clients ages 2 1/2 through the college years; many on the autism spectrum. She works with the families and schools to develop plans to meet each child's individual needs with research-based materials. In addition to her certification as an Interactive Metronome® provider, Barbara is highly qualified through intensive training in using the SRA™ Reading and Math Programs and the Kansas University Strategic Instruction Model™ all of which she incorporates into the remediation programs she designs to meet each child's needs while continuing to develop their strength areas.

Disclosures:

Instructor Financial Disclosure(s): Barbara received an honorarium for the development and presentation of this course from Interactive Metronome, Inc. She does not receive royalties or any other form of compensation for the continued publication and use of educational materials she has authored.
