

## **Description**

The Advanced Institute for Development and Learning (AID-L) is a certified non-profit organization. It will have a Board of Directors and Administrative team. The goal of AID-L is to support Advanced Therapy Solutions (ATS-Kids) and other partner organizations in the care, treatment and support of families receiving treatment in ATS clinics and the greater upstate community.

## **Website:**

Advancedinstitutedevelopmentlearning.com  
AID-L.com; AID-L.org; AID-L.info

## **Values**

Family support, importance of equipping care-givers, collaboration with team members and partners, use of advanced therapeutic techniques, enhancing the quality of life of clients and community, excellence in customer support and education, innovation and research

## **Vision**

To provide children and their families with the most innovative and advanced therapeutic assessments, treatment, education and support available. To provide families and the community with all the tools and resources needed to enhance the development and learning of children with special needs. Our primary focus will be on those children with differences in mental and/or sensory processing and related to motor movement, speech, feeding, and educational learning and their supportive families.

## **Mission**

AID-L will be a financially self-sufficient non-profit organization that supports the physical, emotional and psychological growth and development of children with special needs and their families. AID-L will support development and learning with the provision of clinical therapeutic services such as speech, pediatric feeding, psychology and counseling as well as family support systems, education and financial assistance to families.

## **Organizational Structure**
