

Documenting & Billing for IM[®] within the Healthcare Setting

Course Description:

The purpose of this course is to advance your clinical knowledge & implementation of the Interactive Metronome (IM) within the healthcare setting. As you are already aware, how you document and bill for your services determines to a large extent whether you will be reimbursed. Here, we will focus on specific terminology for documentation & the creation of functional & measurable therapy goals/objectives for IM[®]. CPT codes for OT, PT, SLP, & PSYCH services will also be discussed within the context of IM service delivery.

**Contact hours/ASHA and AOTA CEUs are offered pending successful completion of a written exam at the end of the course.*
